John van Leeuwen Architecture and Design

Position: Intermediate/Senior Interior Designer
Employment Type: Full-time
Location: Winnipeg, MB
Firm: John van Leeuwen Architecture and Design

About Us

Established in 2013, John van Leeuwen Architecture and Design is a multidisciplinary practice specializing in architecture and interior design. Our approach is rooted in collaboration, mutual understanding, and a commitment to developing creative, thoughtful solutions that respond to the unique needs of each project and community we serve. Our work includes workplace environments and hospitality projects.

Our work extends to Northern communities and First Nations, where we recognize the importance of understanding local priorities, cultural context, and the distinct challenges and opportunities of each setting. We strive to build meaningful relationships and deliver responsive design solutions that reflect the community needs, support local aspirations, and contribute to long-term well-being.

Role Overview

We are seeking a motivated and experienced Intermediate/Senior Interior Designer to join our team. The ideal candidate will bring strong technical knowledge, design and documentation skills, and the ability to manage architectural projects from initial planning and design through to construction.

Candidates should be comfortable working independently while collaborating effectively with colleagues, clients, consultants, and contractors.

Key Responsibilities

As an Intermediate/Senior Interior Designer, you will be responsible for

- Project Management
- Design Team leadership
- Leadership in Sustainable Design
- Schematic Design and Design Development
- Construction Documentation; Drawings & Specifications
- Specification Writing
- Contract Administration
- You will be instrumental in the day-to-day operation of the office. With the senior partner, you will be actively participating in;
    - Marketing and Business Development
    - Strategic Planning
    - Oversight of project financials

Qualifications

- A degree from a CIDA recognized interior design program.
- NCIDQ certification
- Minimum 7 years of experience.
- Excellent communication skills (written / verbal / graphic).
- An understanding of building construction, materials, and industry-associated standards.
- A working understanding of The National Building Code of Canada 2020
- Strong organizational skills.
- BIM proficiency (Revit).
- Proficient in Microsoft Office (Word, Excel, PowerPoint)

What We Offer

This is an opportunity focused on leadership development with opportunities for associateship or partnership for the right candidate.
